Customer name: _____

Service address: _____

Mobile phone: _____

1. Service Agreement

The customer requests property-related services as separately described in the applicable estimate, work order, or service contract. This page records the customer's communication preferences and does not replace the service scope, pricing, or other contract terms.

2. Optional Consent to Marketing Calls, Text Messages, and Emails

■ **YES — I agree to receive marketing communications.** By checking this box and signing below, I expressly authorize McKinley Restoration Co. to contact me at the phone number and email address I provided with promotional offers, service updates, seasonal reminders, and other marketing communications by telephone calls (including calls using automated technology or an artificial/prerecorded voice where permitted), text messages (including automated texts), and email. Message and data rates may apply; frequency varies. My consent is not required as a condition of purchasing any goods or services.

■ **NO — I do not agree to receive marketing communications.** I understand that I may still receive non-marketing communications reasonably necessary to provide requested services, subject to applicable law.

Opt-out: I may revoke consent to marketing texts by replying STOP, to emails by using the unsubscribe link, and to marketing calls by contacting the company using the contact information supplied to me. Requests will be honored as required by applicable law.

3. Customer Acknowledgment and Signature

I confirm that the contact details above are mine or that I am authorized to provide them. I have reviewed the optional marketing consent choice above and understand that I may decline it without affecting my purchase.
